El Foro Cívico expuso directamente esta semana a la ministra en funciones de Fomento, Ana Pastor, sus demandas con respecto a las infraestructuras que su departamento tiene pendientes o en marcha en la ciudad. Preocupado por la conexión orbital (en el norte de la ciudad) de la AP-9 y su enlace con la Cidade da Cultura, el Foro Cívico tuvo ocasión de confirmar con la ministra que su departamento ya cerró un acuerdo con Audasa «e que se executarán como estaba previsto», según Carlos García Cumplido, integrante de la delegación que el lunes se entrevistó con Ana Pastor, de la que también demandaron una solución integral para la conexión de la futura estación de autobuses con la terminal ferroviaria que permeabilice el tránsito peatonal entre el Hórreo y Clara Campoamor y garantice la intermodalidad real del ámbito.

Xunta, Concello y Fomento están pendientes de una reunión este mes para abordar esa integración en función de los proyectos que tienen en redacción los dos últimos, promotores en un caso (Xunta) de la futura estación y de la remodelación (Fomento) de la del tren. Pero al Foro Cívico le preocupa el efecto que el traslado de la estación de autobuses pueda tener sobre las rotondas de Pontepedriña y la de Sar (la inferior de la avenida de Lugo). Porque aunque se construya una glorieta en Clara Campoamor para el acceso a esa terminal, la circulación de más de 400 autocares diarios las saturaría, observa

Cumplido. La entidad entiende que el estudio para la intermodal debe tener en cuenta «que hai que dar unha resposta a esa cuestión». Y así lo ha pedido el Foro, que trasladará esa misma preocupación el día 8 a la Conselleira de Infraestruturas, con quien también ha solicitado entrevista, al igual que con el Alcalde.

En cuanto al transporte ferroviario de mercancías, aunque la ciudad ha mirado en los últimos años para A Sionlla como alternativa, Fomento está con A Susana. Según les trasladó la ministra, sin un estudio económico sobre A Sionlla la apuesta está en la ampliación y mejora de la estación de A Susana, aunque quedó en facilitarles un encuentro con el director general de Renfe. El Foro pide que, sea donde sea cumpla, con las expectativas y necesidades de la ciudad. (La Voz de Galicia)
